

"Counted Out" Film Screening

at **EdAdvance**, 355 Goshen Road, Litchfield, CT

Join us for a Special **Free Screening** of **Counted Out**. How we teach and understand math shapes the future. Counted Out is a compelling documentary that explores why math education matters more than ever in addressing the challenges of our time—racial and economic disparities, climate change, and political division.

The film offers a fresh, inspiring look at how math can empower individuals, strengthen communities, and support a more informed and just society. Don't miss this important conversation about the role of math in shaping tomorrow.
